

NAME & Places: (hometowns, etc)

Year & Program: (4th year math, for example)

E-Mail & Local Phone (opt):

Quantitative Courses: (term taken & text)

advanced calculus & real analysis

linear algebra

advanced math courses

courses with computing

other quantitative courses

Matlab & Maple – Experience: (yes/no)

Matlab & Maple – Access: (lab and/or home)

Other Computing Experience: (software, programming languages, web design)

Course Focus: rank in order of priority (1 = most, 3 = least)

[] analysis/theory [] applied methods [] computing & graphics

Personal Course Objective: goals for this class & future plans
