Mathematical Sciences

# PIMS-SFU Undergraduate Summer School on Rigorous Computing

June 7-27, 2015  
Simon Fraser University

## LECTURERS:

JB van den Berg (Vrije Universiteit, Amsterdam)  
JP Lessard (Universite Laval, Quebec)  
JF Williams (Simon Fraser University)

## COURSE OBJECTIVES:

- Learn modern methods of computer assisted analysis through lectures and tutorials
- Perform research on problems in dynamical systems
- Prepare a proof for a previously unanalyzed system
